

Is there a way to view a caregiver's or veterinarian's profile—to learn more about them, see their reviews, their services, etc.? Like this

This is where the person's experience can be listed, please, to build trust and showcase their skills.

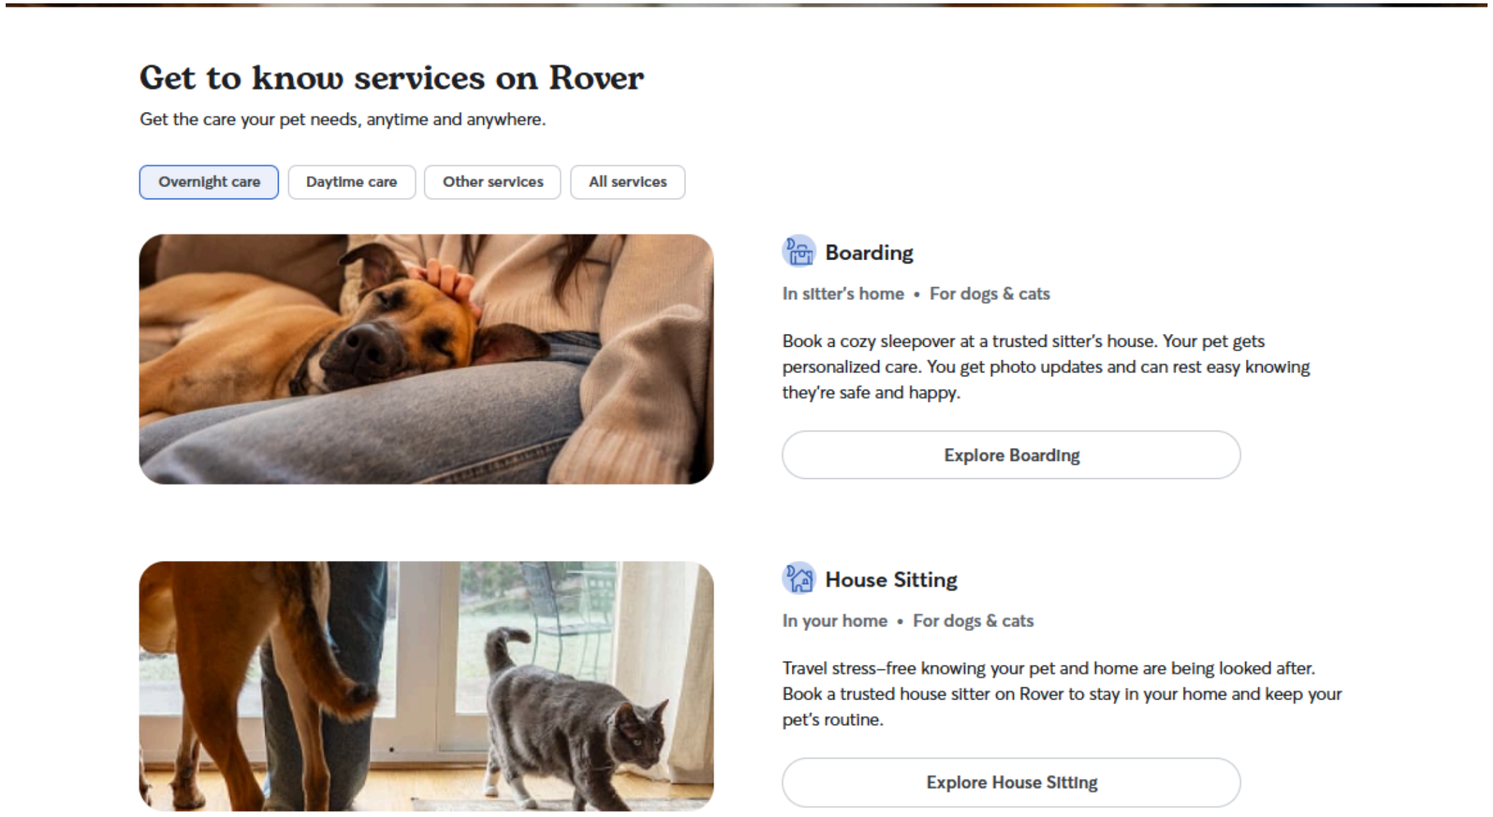

and select regions and municipalities, since the service is nationwide

What's important is to list the regions and their municipalities in Chile so that you can select them.

Just leave the "Contact" button—not the "Call" button—and make sure it works, because right now it doesn't,

and make sure everything is connected and working; please take care of the profiles

reference page www.rover.com

Can this part be changed to something like this??? I'll send you the reference page. Since I can see that this doesn't make sense, I'd like to improve it

Please revise this section with this new information so that it is clearer and better focused.
